Flynn rink wins KC bonspiel

Three rinks from St. Albert Council took part in the annual Knights of Columbus State Bonspiel held in Calgary - April 8th and 9th at the Big Four curling rink. The event involved a possible total of five games played Saturday and Sunday and winners were established on a total point basis. The competition is an annual event, staged alter-

nately at Edmonton and Calgary, with travelling trophies awarded for each event.

The Flynn rink defeated a Fairview foursome in the final of the Third Event to capture the trophy held last year by the Ponoka K.C.'s. First event winners were a Calgary foursome and Beiseker took the second event.

8 more polls for election

St. Albert Constituency will have a total of 50 polls for this year's Provincial election, an increase of 8 over the last election in 1963. Deadline for candidate nominations has been set at May 9th and Enumeration will be completed by May 8th.

Results for this constituency in the last two elections were as follows:

	S.C.	LIB.	CCF.	CON.	Total
1959	Everitt	Soetaert	Toane	Walker	
	2163	2090	474	1190	5917

Chamber plans "at home" meeting

The Manager of the Provincial Chamber of Commerce body will be the guest speaker at the May 9th meeting of the St. Albert District Chamber of Commerce. The meeting will take the form of an "At Home" at the Club Mocombo, hosted by the Chamber, for all members and new businessmen in St. Albert and district. Invitations and tickets are going out by mail and the executive is hoping for a full turn-out of members and

prospective members for this occasion, which will provide a good opportunity for old and new businessmen to become better acquainted.

The Chamber will sponsor an election rally on May 16th at the Community Hall in St. Albert. The purpose is to give the people of St. Albert an opportunity to hear all of the candidates and to meet them informally over coffee. Mr. Bill Penrose will act as moderator for the Rally.

Over 250 attend curlers wind-up

A full house crowd of St. Albert curlers enjoyed a delightful wind-up gathering at Club Mocombo on Friday evening to finish off the season

Following the banquet quite a number of awards, trophies and special presentations were made to men and lady curlers of the Mens', Womens' and Mixed Leagues.

MAYOR'S COLUMN

The first draft of the 1967 Town budget was studied by Council at a Special meeting last Monday. One of the items discussed at this meeting which appears to be causing some concern to residents in St. Albert is the amount of \$5,000.00 expenditure under Community Services. The thought appears to be prevalent among some people in Town that the total amount of \$5,000.00 is to be expended by the Centennial Committee for a Birthday celebration only. In my opinion this is a fallacy and through this column I will explain in detail where the \$5,000.00 is to be spent.

For the purpose of Town beautification our Parks and Recreation Department are expending \$600.00 for materials only for fifty potted trees and shrubs which will be placed throughout the main streets of St. Albert during the Summer. These potted trees and shrubs can be used every Summer hereafter for street beautification in Town.

The sum of \$1,000.00 is to be expended for flag poles, flags, banners, etc. for decoration purposes, not only relative to Centennial Celebrations, but for any celebration the Town proposes to dress up for in the future. This material will be kept on hand for future use.

The amount of \$625.00 has been already approved by Council for the preparation of a Town of St. Albert float. This amount of money will cover the bare materials only and the Town of St. Albert staff has volunteered their services in completing the float. It is anticipated at the present time that this float will go to at least six or eight Stampedes or other celebrations in the Province of Alberta. I am sure the residents of St. Albert require no reminding that we have never been represented at any parades, sports days, stampedes or like in the Province of Alberta, including our own St. Albert Rodeo, Centennial or not I believe this to be a wise investment for the purpose of public relations if none other.

As a direct result of Centennial Year, the amount of \$625.00 has been budgeted to cover daytime and nighttime fireworks with respect to our July 1st celebration.

While an amount of \$500.00 has been allowed as a provision for unforeseen expenses, it should be noted that these expenses are no longer unforeseen in view of the fact that the Town does have certain obligations in regard to celebrations such as the Library opening, a possibility of a dinner for the Peace River expedition, which will be coming into St. Albert, the Student Exchange reception, dignitaries visiting St. Albert during 1967, etc. Even if we

NEEDED A BUS:

A delegation of parents, all of whom have children attending the Glenrose School for Multiple Handicapped and the Aphasic School for brain damaged children, attended Monday's regular meeting of St. Albert Town Council. Mrs. Garth Peterson, spokesman for the group, outlined the desperate need which exists in the town at the moment. As of April 30th, some 14 St. Albert children attending these special schools in the

city, will be without transportation, as the present bus service will be terminated. This Mrs. Peterson said, is cause for much concern to the parents. Cost of the present bus-service is \$25.00 per month per child. Children of school age received a grant of \$12.00 per month from the School Districts. Mr. Landvaater operator of the Edmonton Handi-Buses, a division of the Edmonton Cerebral Palsy Association, was also in attendance. He said if the Town purchased a Bus, at a cost of \$6600, the operating costs would be carried by the United Community Fund, Councillor Gibbon said the purchase of such a Bus would make a first rate Centennial Project for the citizens of St. Albert.

If you've never been in close contact with a brain damaged or physically handicapped child, it is perhaps difficult to visualize the heart break and worries the parents of these children experience, day after day. Why not "really get this thing rolling, and buy these kids a bus," says Mr. Gibbon. For the time being the parents of these youngsters will have to get them into Edmonton one way or another. The matter was referred to the Finance Committee, for actual costs study. Mr. Fowler, in his capacity as Chairman of the Centennial Committee will be contacting the Service Clubs, to ask their co-operation.

TRUCK TROUBLES: A resident presented a letter to Council in which he protests the "indiscriminate parking of trucks on residential streets." He also asked that the parking limit of all vehicles be reduced to 24 hours from the present 48 hours. In regard to trucks, the gentleman feels they are a hazard to children and tend to cause a decrease in property value, if parked constantly on residential streets. The trucks involved are those owned by self-employed bread men, painters and construction workers and grocery salesmen. These trucks are often used to drive to and

from work, and are parked on the streets in the evenings and over the week-ends. Councillor Donais feels Council should consider the matter very carefully, before passing any by-law prohibiting such vehicles parking on residential streets. "We have lane-less subdivisions," Mr. Donais said. "People can't park these trucks in their back yards. We should not impose a hardship on people earning an honest living."

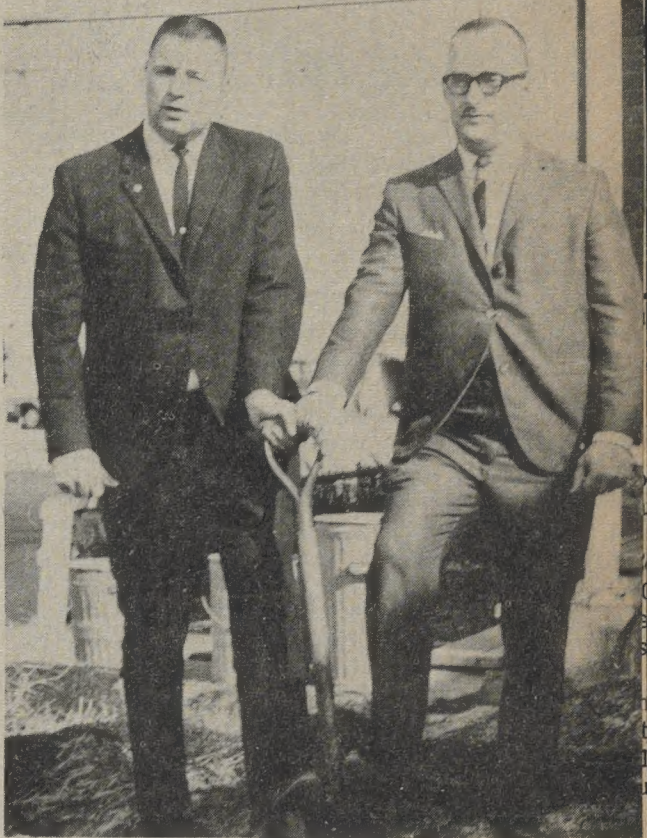

This item was referred to the Public Works Committee R.C.M.P. REPORT:

Sergeant W. Reinbold, in reply to a memo regarding communication with the police after hours, advised Council that he personally had received no complaints from residents receiving no reply when telephoning the office at night. The new telephone equipment now appears to be operating satisfactorily.

In regard to the destruction of trees along Churchill Avenue, the Sergeant notes that the majority of the trees were destroyed Halloween night 1965. Sergeant Reinbold walks down Churchill Ave., every night on his way to work, and he is keeping a close watch for any vandalism. Mr. Gate, Parks superintendent, estimates the cost of replacing the broken trees at \$1,000.

WHAT'S IN A NAME? Councillor Wheatley asked that the staff enquire into the origin of the name "Piron" Street. It had been suggested to him that this name was actually a mis-spelling of the original name chosen, and he felt that the matter should be investigated and a change made if necessary, so that this main artery name will have proper significance.

COUNCIL BRIEFS: Council agreed to accept the tender submitted by O'Hanlon Paving Ltd., for construction of the Tennis Courts in the amount of \$1072. The St. Albert Tennis Club, in addition to building a Clubhouse at the Courts, have donated \$600, towards

Manager Andre Tardif (right) and Accountant Rona Davies lean on the spade to lift the first sod April 18th which officially started the work on a new addition to the Bank Montreal premises on Piron Street. Gazette Photo

Work begun on Bank addition

Sidewalk contractors of all ages may be seen on Piron Street this week, having a look over the fence at the construction project underway at the Bank of Montreal. Excavation began April 18th on a new 700 square foot addition to the bank building and footings are going in this week. The project should be completed about mid July. Watson (Tofield) Ltd. are the contractors.

The new addition will provide increased public counter service area, additional work and office space for staff. Renovation will also be made to the interior of the present building to blend it into the new addition for most functional use of extended premises. Main entrance will be moved to left hand side (as facing building) from the centre of the building as it is now.

the project. Councillor Gibbon asked for a complete break down of the Centennial Budget before the next meeting. Mr. Donais commented "The Centennial Committee has already undoubtedly expended some \$2000. I don't see why they should be allowed to spend any more."

Councillors Parkes and Wheatley have been relieved of their duties on the Court of Revision, which is expected to drag on well into May. Councillors Donais and de Bruijn were appointed to the Court. Councillor Gibbon moved that a by-law be prepared to allow for an increase in Councillor's fees for the Court from \$15.00 to \$25.00. This by-law was given 3 readings, but as it was not passed unanimously, Mr. Bakker opposed, it will be brought back at the next meeting, Mr.

Gibbon feels the fees, which were set 5 years ago, should be brought up to standard. The Arena Committee be asked to report to Council as to possible locations proposals received, at May 8 meeting of Council. The firm of Nash & N

have been appointed Town Auditors for the year of 1967. Council regrets having to terminate the services of previous auditor, who has been Town Auditor for some 7 years. But as the firm Nash & Nash offered a substantial saving to the Town Council felt it had no other choice.

Council passed a motion to have the Grosvenor Pool open swimming Saturday, May 13th. Councillors Parkes and de Bruijn did not attend Monday's meeting.

Auditions promise terrific talent show

Response to the auditions for the Amateur Talent Show sponsored by the St. Albert Centennial Committee has been overwhelming. The acts auditioned were all of very high quality, and it was no easy chore to decide on the finalists.

Some 23 different acts have

been chosen to compete in the "Search For Centennial Stars" show to be held this Saturday evening at the Father Jan Auditorium in St. Albert.

There will be something to please everyone. For the "swingers" two very good teen bands have entered, the "Oil Field Three", from Red-

water, and a local group, "Prime Meridians". Folk-enthusiasts several standing folk singers will be featured, including the "Kiddies", from Bon Accord. Philomina and Harriet, St. Albert girls. There are instrumentalists, dancers, musical comedy acts. And those readers who are "pretty - girl - watching" you WON'T be disappointed.

Master of Ceremonies the 2 hour show will be known St. Albert person Roy Gilley, Mr. Gilley, has been entertaining at weddings and banquets in the town and in St. Albert for some years, has promised to some vocal selections as well. This promises to be an enjoyable evening. DO MISS OUT ON IT!

PLACE: Father Jan Schumann west north of the bridge. TIME: Saturday, April 21st 8:15 p.m. ADMISSION: Children under twelve, 50¢. Teens and Adults just \$1. Tickets available from Centennial members, at the time of the show, and can reserve your tickets phoning the Centennial Secretary, Mrs. Claire Kenn at 599-6776. SEE YOU THERE!

Election call

by Keith Everitt
 premier of this province has called the election on May 23rd of May. This may be too popular a date for farming population. By the way, I am sure the farm-ers will be in the middle of their crops, however I do hope that they will be able to attend one forum. All means take time to their ballot on the 23rd of May. Three candidates have been nominated to contest the St. Albert constituency in the election. There still be more before the time for nominations. As a Social Credit candidate, I have been asked to present our platform to the citizens once again. The householders will receive these through the mail long. As the campaign is about to swing into full gear, I want to make abundantly clear the type of campaign I intend to conduct.

A clean one--regardless of the type of criticism that the government receives, I do my utmost to bounce back with a smile and let the blows bounce off. In my opinion, there is nothing to be gained by retaliating with blows to the belt. After serving the constituency for 8 years, I did hope the citizens of the area know me well enough to believe any personal attack on myself.

A campaign of facts showing our present policies and those for the future--No, I do not step into the trap of my opposition has set. I want to see me on the scene. Our policies have been prepared for ourselves. We have prepared a positive program. Although I may answer some of their accusations, it seems to be little need for concentrating on their negative attitude.

Yes, there is a feeling that there should be a larger position. I cannot argue against this. However, I ask

my constituents one question: Has not St. Albert put up its fair share of opposition members since 1935 when the Social Credit Government was first elected? In this period this constituency has seen fit to send two opposition members, one a Liberal, the other an Independent. If the people of this province want larger opposition, let those areas that haven't had a taste of opposition put someone in there than can sit on the other side of the House. The big question is this: Do we of the St. Albert constituency want someone who will assist in the formulating of policy (this is done in caucus) or someone to ask a lot of questions. The N.D.P. candidate has made a statement which I would like to comment on. In the last Gazette, he said "Social Credit does not like criticism". This is very true. I don't believe there is any political party or any government official, be he a Federal Provincial, or local politician who actually likes criticism. However, I expect, enjoy and appreciate constructive criticism. There is considerable difference between negative criticism and constructive criticism. The latter is something that is lacking today's political picture.

Congratulations are in order to the young 4-H'ers of the area. My wife and I were invited to the Edmonton Gardens one evening last week to witness what I thought was a wonderful display of talent by the 4-H members of the M.D. of Sturgeon, Stony Plain, Leduc and Strathcona. Michael Sabourin of 34 Sunnyside Crescent, St. Albert has been chosen by ALL Canada Insurance Federation to attend a Safety Conference next August at Carleton University in Ottawa. Congratulations Michael and the best of everything to you.

Helping people help themselves

Robert Russell,
 Liberal Candidate,

at a time when the paternalistic attitude of welfare handouts tends to be the order of the day, it is a pleasure to read of the achievements of the Alexander Indian Reserve, west of Morinville. Three dedicated men have volunteered their time to help the Indian attain a real measure of success on their own. Perhaps it's too early yet to call it a success story but they have come a long way in helping these people help themselves. Mr. Soetaert, John Stevens and Stan Walker along with members James Arcand and Leo Bruno form the board of trustees of the Alexander Indian Band Farm Trust. Over members of the band work the farm and after two years of operation they have cleared land, seeded, harvested, fenced and constructed lots and machine sheds. They started with 500 acres and will have 1700 acres under cultivation this year.

The Trust is planned so the Alexander Indian Band members can take control within 16 years and the way things are going now they will achieve this at an early date. The next step in the program will be to establish individual farms working their own land and raising their own beef cattle.

Mr. Art Soetaert, who was our Liberal M.L.A. for St. Albert from 1955 to 1959 spends most of his time on the farm supervising the operation. We can be justly proud of the efforts of Mr. Soetaert and his two friends for their efforts in this program which is the first of its kind in Canada.

The college freshman has pestered his father for a new car. On a visit to the campus his father pointed out the ancient vintage of the cars in the parking lot. "But, Dad," the lad protested, "those cars belong to the faculty members!"

Assessment and budget

The previous General Assessment which took place in 1961 was based on 40% of the 1961 market value of land. This year the assessment figure of land is based on 65% of the 1966-1967 market value. The change from 40% to 65% is a matter of Provincial legislation and outside the control of Council.

The market value is based on the sale price of land within the town, by the town, which for a residential lot (110 feet deep) is \$52.75 per front foot. Acreages are based on the sale price of \$2,500. per acre.

The overall result of this reassessment is that the land assessment on about all properties is slightly more than double in 1967 of what it was from 1961 to 1966.

Since assessment is the basis upon which the tax load is distributed among the population, it should follow that if the assessment is increased the mill rate should come down. In 1966 the mill rate was 62 mills. If the same number of tax dollars were required in 1967 the mill rate would be 52.

EQUALIZED ASSESSMENT Unfortunately the Provincial Government has increased its requirement from property taxes for the School Foundation Plan from 26 mills to 28 mills. This mill rate is based on equalized assessment which is a device by which our assessment is made comparable with the assessment of other communities. While the live assessment on land in the town doubled,

the equalized assessment on land went up by 20%. Since the Council is not in agreement with this increase, an appeal is now being prepared against the equalized assessment.

At present it would cost the town \$76,000, or 4.5 new mills for additional payments into the Foundation Plan, and this increase of 22% explains why the Town Council considers an appeal necessary. BUDGET

The overall budget of the Town consists of several parts. The Council has only control over the municipal portion of the budget. The first draft of the budget shows an increase in expenditures of \$7,000, or 1% in the municipal portion. Comparing the 1966 with the 1967 budget we have the following:

	\$ 1966	Old Mills	\$ 1967	New Mills	Percent Change
Foundation Plan	344,984	23.8	421,030	23.8	plus 22%
Supplemental Requisition	72,103	5.0	not known as yet		
Hospitals & Health	82,592	5.7	102,330	5.8	plus 24%
Total not under control of Council	499,679	34.5	523,360	29.6	plus 5%+SR
Debt charges	195,992	13.5	211,000	11.9	plus 8%
Sub-total	695,671	48.0	734,360	41.5	plus 6%+SR
Municipal Expenditures	673,536		680,758		plus 1%
Less other revenue	471,536		482,550		plus 2%
Municipal Levy from Property Taxes	202,000	14.0	198,202	11.2	- 2%
TOTAL FROM TAXES	897,671	62.0	932,567	52.7	plus 4%+SR

In other words the mill rate for 1967 will entirely depend on:

1. The appeal against the increase of 22% of the payment into the Foundation Plan (the increase should be 7 and 1/2% plus any development and there was NOT a 15% growth in the town in the last 2 years).

2. The Supplemental requisition of the School Boards. According to the figures

quoted by the M.L.A. in the Gazette on April 12th, 1967, the two boards will receive increased payments from the Foundation Plan.

The Public Board \$207,748 or 36% more, allowing - \$181,479 or 32% of an increase in expenditures without any supplemental requisition.

The Separate Board - \$197,761 or 24% more, allowing \$152,520 or 18% of an

increase in expenditures without any supplemental requisition.

The above shows clearly that the Town is not treated equitably by the Provincial Government. It also shows that the School Boards can eliminate the Supplemental Requisition on the property taxes.

Yours truly,
 J.J. Bakker,

stop trying to keep up with the Jones' when we can't afford it.

Mrs. Eleanor Baxandall.

Budget Comments

I feel I must comment on the proposed budget for 1967.

It would seem to me, and I'm sure to many others who live here that it would be more to the point to celebrate Centennial on a little less grand style than \$5,000,000.

I'm sure most of us would appreciate a clean town, and better Nuisance Grounds conditions to a big "blow out" on July 1st. I could care less

what St. Paul spends or does, they don't have to walk down our dirty streets, which they surely will be with one cleaning as our budget now provides for.

I can't help comparing this to putting extraicing on a poor quality cake, so that the outside appearance is good, until the first slice is cut.

Let's be more realistic, and

Historic St. Albert

The series of articles and letters written by Father Lacombe continues this week, opening with his account of the first harvest at the St. Albert settlement.

It was July! Our fields were gilded with the colour of our harvest. We were already eating apples and other vegetables. Soon we were inhabiting our houses which seemed to have sprung up as by magic. All boards and shingles for the roof were sawn by hand. Finally, the doors and windows were also made by hand.

Soon it was autumn. Our splendid harvest was brought in and ground; our garden products put into cellars. Having no flour mill our wheat served as feed for our cows and pigs. There were already twenty Metis families settled in our midst.

In early September two adventurous young hunters from Ontario, arrived in Saint Albert from Edmonton. One, wishing to shoot a partridge from his cart mismanoeuvred his gun, and all the shot went through his left side. This took place near the mission. We brought him home where he lingered on for about twenty days, with what care we were able to give him. He died thanking us for having cared for him with such charity. He was a protestant from the City of Hamilton, Ontario. In closing my narration of this year's events I would like to mention that Father Remas and Father Caer had returned from their excursions and were very happy over them. Together we thanked Divine Providence for having thus blessed our efforts and our work. Father Remas returned to Lac Sainte Anne which we held to keeping as our oldest North-West mission, and where there has always been a missionary though Saint

Albert had become our transaction centre. NOTE:

These are the two first inhabitants of Saint Albert. They came to Saint Albert with Father Lacombe in 1861 and remained for the rest of their lives. They are buried in St. Albert cemetery. MICHEL NORMAND & ROSE PLANTE:

These two Metis were born in 1820 at the Red River. They were instructed and baptized by the first missionaries of that time. Like their fellow countrymen they had a small farm and cultivated the land. They spent part of the summer on the prairie hunting buffalo, thus making up part of the hunting caravan when the buffalo were not too far from the Red River Colony. Not having been blessed with children, on different occasions they adopted orphans whom they brought up as their own children, and who, today have good families dispersed here and there throughout the North-West.

When Fathers Thibault and Bourassa set out for the Saskatchewan River Valley, they persuaded the Normand family to accompany them as servants and hired help. After a few years at Lac Sainte Anne, where they had been a blessing to the missionaries, Michel and his wife returned to the Red River with Father Bourassa who was leaving the country. In 1859, when Father Remas, who had gone to Saint Boniface to meet the Grey Nuns who were to go to the Lac Sainte Anne Mission, this family joined his caravan, which, after fifty-one days of travelling and camping, reached Lac Sainte Anne on September 24th. Words could not express my joy, my happiness, and my satisfaction when these dear missionaries and their companions arrived on our lake's shore. Even today, after so many years, the emotion the memory this brings is too

Father Gobell says this picture shows a little about how the native Bolivians look, whom he meets on his trips around the mission. He spent more than two and one-half months visiting in this area. In the background is the mission church, typical of the country, with straw roof as is used on all the houses.

Listen! Learn! Live!

Motivational words! yet words that express what the Christian Church is, and what it must become in the midst of a world undergoing a social revolution with such deep and wide-spread changes and challenges that our generation is left pretty well confused and overwhelmed by it all.

Men and women need to prepare themselves to possess and practice a positive attitude and action: to listen, to learn, in order that they may know how to live in the challenging and yet opportune age as ours is today.

The primary function of the Christian Church in its worship, its preaching and teaching ministry, is to stimulate and strengthen men and women in their faith, thus equipping them to carry out an effective witness in society and the world, because here is where the action, the arena of activity, really is.

The Christian Church is that supply station where tired men and women come, and should come, harassed by the stress and strain of the inescapable facts of life and

making a living, to be replenished, built up, recharged to an ever increasing depth and assurance of faith, a faith motivated and active in love. Too long has the Christian Church sat on the side-lines concerned about and centered in itself, as an island to which it has invited the worshippers to come once a week. Thus it has brought upon itself the oft repeated indictment: "What--the Church? Why should I attend? It doesn't care what really happens to me, whether I have a job or not, whether the high cost of living makes it impossible for me to feed my family or not?" Thus there is too often a terrible, yes even terrifying, contradiction between what we profess as Christians, and what we practice!

Rather, the Christian Church should be that healing reconciling community of concerned people, seeking to bring the healing presence and power of Jesus' love to bear, curing the deepest needs, the deepest wounds, the cruellest hurts, in the hearts of every man, woman, and child of our community.

Christians making what they profess vocal and visible, not simply praying for a man's soul, but positively and actively concerned over the total man in a total life situation.

George McLeod in his introduction to Carl Burke's book: "God Is For Real, Man" puts it succinct and clear:

"I simply argue that the Cross be raised again at the centre of the market place as well as on the steeple of the Church. I am recovering the claim that Jesus was not crucified in a Cathedral between two candles, but on a Cross between two thieves on the town garbage heap; at a crossroad so cosmopolitan that they had to write His title in Hebrew, and in Latin and in Greek. . . . at the kind of place where cynics talk smut, and thieves curse, and soldiers gamble. Because that is where He died. And that is what He died about, and that is where churchmen ought to be, and what churchmen should be about."

Pastor R. O. Olson.

ST. ALBERT MISSION
 In 1861 this district was selected by Bishop Tache and Father Lacombe as the site of a new Oblate mission. It soon became the largest community west of Winnipeg as Metis and other pioneer settlers started the first farms in Alberta. From here the tireless missionaries travelled throughout the West laboring among the nomadic Indians. The original cathedral, now preserved as a museum, still stands on the north hill.

much for me. How happy I was to see Michel and Rose with us again! Since that time they have not left us. Like real missionaries they became attached to and interested in all our work. Their fidelity, their honesty, their piety are recognized throughout the countryside, especially so among the missionaries, who esteem and venerate them.

Mgr. Grandin, in his appreciation of the good services rendered to our mission by these good and faithful servants, had them retire in his residence, where they have their apartments and all they need. They do work of their choice for the sake of keeping busy. They are my friends. They were very good and devoted to me. They were witnesses of my missionary work. May God grant them to end their days in peace in the midst of the Bishops and priests who consider them as members of our Religious Family.

INTRODUCTORY NOTE:

Many people often ask if Father Lacombe came from France. Others heard that he had some Indian blood and wonder if it is true or if it was just a way of ingratiating himself with the Indians he wanted to evangelize. Some have seen pictures taken in his later years where he seems to have the features of an old Indian chief. What is the truth?

Father Lacombe has given the answers himself in letters to some friends and benefactors where he tells the story of his life.

The excerpts of his biography will, we hope, give the wanted answers. BEGINNING OF THE AUTOBIOGRAPHY OF FATHER ALBERT LACOMBE, OMI
 "I was born February 28th, 1827, at St. Sulpice, one of the oldest parishes in the diocese of Montreal, on the shores of the St. Lawrence. Parents were

humble farmers, who, though not rich, lived comfortably. My father's name was Albert, the name I was given at my baptism; my mother was Agathe Duhamel. Eight children were the fruit of this union, two boys and six girls. The first died at birth so I was considered the oldest. At present we are but three still living, my brother Gaspard, my sister Christine and I. My father died over twenty years ago, my mother two years ago at the age of 87.

When I was but 7 or 8 years of age I began to help my father in the cultivation of the fields and the guarding of the flocks. My parents were hard-working farmers. They taught me to harden my body to work; to guide the plow and handle the axe; to rise early in the morning and be content with solid but often coarse food, such as black bread etc. It was during these years of apprenticeship, I believe I was nine, when I fell and broke an arm. Unfortunately, this arm was not correctly set and it remained crooked and shortened, an infirmity no one notices. This infirmity was never a hindrance to manual work. Though they lacked schooling, my parents realized its importance and necessity. That is why they granted me time and means to attend the little school of the neighboring parish, Lavaltrie, three miles away. There I learned to read and write. At the age of 11 I made my First Communion which was given me by our parish priest, Vicar General Viau, my signal benefactor. He had admitted me among the altar boys, and I had the joy and the honour of serving at the altar. This venerated priest took pleasure in calling me 'this little Indian', not only because of the colour of my skin, but because of a legend kept by my ancestors, and especially my old mother.

To be continued next week.

FOR FREE AND HAPPY PEOPLE IN AN OPEN SOCIETY

THIS IS THE POLICY OF THE NEW DEMOCRATIC PARTY OF ALBERTA

INTRODUCTION

The others have a few policies but ONLY the N.D.P. offers a new philosophy - A NEW WAY OF LIFE.

A man should be free - really free - to speak his mind, to own his home, to see his children educated to the limit of their ability and to see his family relax in good health.

Alberta is a young province in a young country, both run by aging governments.

Alberta deserves a live government, vibrant with the ideals and plans of youth. Let's work for this through the N.D.P. the ONLY party with a WHOLE PHILOSOPHY OF LIFE.

AGRICULTURE

- * Price control on farm machinery.
- * Minimum prices for farm produce.
- * Aid for farm co-operatives.
- * Re-training for farmers who have to leave the land.
- * Lower power rates through public power.
- * Machinery-testing service.
- * Improved farm credit facilities.
- * Extended coverage and lower cost of crop insurance.
- * Legislation for holding plebiscite on marketing boards.

DO YOU KNOW THAT Social Credit spends only 1.5% of the provincial budget on agriculture?

DO YOU KNOW THAT Social Credit has virtually ignored the surface rights of Alberta farmers?

DO YOU KNOW THAT under Social Credit 100 farms are sold EVERY MONTH in Alberta alone?

Our farmers are the first victims of un-planned technological progress. THERE WILL BE OTHERS WILL YOU BE NEXT?

NATURAL RESOURCES

All Albertans should share the wealth of our natural resources.

- * Strong leadership to encourage CANADIAN development of our natural resources.
- * Increase oil royalties to rates comparable with Texas and Oklahoma.
- * Develop the Athabasca Tar Sands through a Crown-Sponsored Company and plough the profits back into the Alberta Treasury.

DO YOU KNOW THAT If the New Democratic Government develops the Tar Sands under a Crown-Sponsored Company, the profits will pay for:

- Our provincial taxes for 1000 years or
- 5000 Universities of Alberta or
- \$400 a month FOR LIFE for every man, woman and child in Alberta?

WHO WILL GET THE BENEFITS UNDER SOCIAL CREDIT?

76% of the acreage has been leased to 8 major oil companies - ALL 8 ARE NON-CANADIAN.

WE CHARGE THAT SOCIAL CREDIT HAS SOLD OUT THE PEOPLE OF THIS PROVINCE.

YOUR TAXES KEEP GOING UP NOW YOU KNOW WHY. DO YOU KNOW THAT if oil royalties were increased to those of the Middle East or Texas and Oklahoma, the increased income to the Alberta Treasury would be \$41,000,000 per year?

LABOUR

- * The New Democrat Party affirms its support of organized labour.
- * We are opposed to American control of Canadian Business AND OF CANADIAN LABOUR UNIONS.
- * We will revise the Labour Act to guarantee all workers, including provincial and municipal employees, the right to organize and negotiate collectively without interference from management.
- * 40 hour - 5 day work - week.
- * Minimum wage of \$1.50 per hour, provisions for room and board for farm labour.
- * Establish a permanent Government Commission on Automation.
- * A flexible provincial-development program of public works for seasonal and short-term periods of unemployment, and to assist municipalities financially with a similar program. This will provide jobs in time of need and help provide schools, hospitals, parks, roads and other public facilities.

URBAN AND RURAL DEVELOPMENT

- * A challenging re-development program for helping growing cities and towns with slum clearance, arterial road development, schools, hospitals and cultural and recreational activities.
- * A DEMOCRATIC PROVINCIAL AND MUNICIPAL CONFERENCE on the legislation necessary to bring about the necessary realignment, authority and responsibilities of our cities, towns and villages. Thorough discussion by all parties concerned of the new Municipal Act.
- * A re-definition of towns, villages and hamlets would be undertaken in the light of their ability to finance, and their potential to entice industry to provide reasonable industrial tax revenues.
- * The relationship between such bodies as the Administrative Council and the School Board will be considered in order to develop harmonious association, effective programs and ample financing.
- * Sociological studies of rural areas will be undertaken, with particular emphasis on developing light and secondary industries in Alberta small towns to prevent the gradual migration of our people to the cities which is taking place at the moment.

SOCIAL SECURITY

- * We believe that a SENSIBLE amount of security is essential to the mental well-being of the people of Alberta.
- * A New Democratic Government in Alberta will replace the present badly - co-ordinated ("free hand-out") legislation and inadequate assistance with a well-rounded, progressive welfare program designed to meet the social problems created by our modern complex society.
- * We will improve administrative efficiency and thereby save costs, increase facilities for our senior citizens, establish a policy of review of widows' and disabled persons' pensions, and establish a commission to enquire into child welfare problems.

WE CHARGE THAT THE WELFARE ARRANGEMENTS UNDER SOCIAL CREDIT ARE SO INEFFICIENT AS TO MAKE THEIR OPERATION ALMOST IMPOSSIBLE TO MAINTAIN.

HOUSING

- * To avoid the crushing burden of second mortgages and short-term financing, The New Democratic Government will set up a Crown-Corporation to enable residents to purchase old homes at N.H.A. rates.
- * Land speculators at present make as much as 1500% profit on our building land. This increases the cost of our homes, and therefore, we will help the municipalities to purchase land on the edges of our cities and towns and to re-sell it at cost as new housing areas are developed.
- * We will pressure the Federal Government to cut out the 11% tax on building materials.
- * Municipalities will be encouraged to develop public housing plans where it is the only answer to housing the poor.

DO YOU KNOW THAT housing starts in Canada were down at least 25% in 1966 over 1965?

DO YOU KNOW THAT across Canada 100,000 families live in appalling conditions?

DO YOU KNOW THAT in 1966, 85% of N.H.A. loans went to people with incomes of more than \$10,000?

DO YOU KNOW THAT even at 6-1/4% the interest on a \$15,000 mortgage over 25 years is more than \$14,000? YOU ARE PAYING DOUBLE FOR YOUR HOME!

COST OF LIVING

In addition to the other steps to be taken by the New Democratic Government, we will:

- * establish a Bureau of Consumer Affairs.
- * pass legislation providing for disclosure of TRUE interest charged on all loans and credit arrangements.
- * legislate against deceptive packaging and false claims on goods offered for sale.
- * press for a Prices Review Board at the Federal Level.

HEALTH CARE

- * The New Democratic Government will assert that good health care is the RIGHT of every Albertan simply because he is a human being.

It is less expensive and more efficient to provide for health care in the same way that we care for our children's education - through public effort.

DO YOU KNOW THAT on page 745 of the Report of the Royal Commission on Health Services it states that the cost of the system of health care which the N.D.P. proposes would cost you at least 20% LESS than "Manningcare"?

DO YOU KNOW THAT N.D.P. health care will cover EVERY-ONE for EVERY health need, while "Manningcare" covers at most 90% of the people and many services are still missing - including almost all of your dental services?

DO YOU KNOW THAT if "Manning care" does not meet Federal standards (and it should not) you will lose at least \$25,000,000 each year in Federal Health Grants?

DO YOU KNOW WHERE THE MONEY WILL COME FROM?

2% of all land in Alberta is set aside for Road Allowance. This land has never been included in any of the Oil and Gas Leases. The Social Credit Government has allowed the oil companies to produce the oil and gas under these road allowances for free.

The Alberta New Democratic Government would impose a 2% Road Allowance Tax to collect this lost revenue. THIS, TOGETHER WITH THE SUBSIDY THE ALBERTA GOVERNMENT IS NOW CONTRIBUTING, WILL PAY FOR THE ENTIRE PROVINCIAL SHARE OF THE PROPOSED FEDERAL GOVERNMENT MEDICARE.

WHATEVER PREMIUMS YOU NOW PAY, M.S.I. OR ANY OTHER INSURANCE COMPANY, YOU WILL KEEP IN YOUR OWN POCKETS.

EDUCATION

- * The New Democrats believe that the primary aim of education is to raise the level of thought and understanding throughout the community, to train informed citizens with critical, alert minds, capable of thinking about the many problems which face our world and able to make a wise and reasoned choice of political representatives and policies.
- * We affirm the right of teachers to exercise INTELLECTUAL FREEDOM in enriching the school curriculum and challenging the mind of youth.
- * The salary and status of the teaching professions should be raised, and the Teachers' Association will be recognized on a par with Medical Association, thereby helping to form a truly dedicated profession.
- * The right to an education should depend upon intellectual ability and achievement, and NOT upon financial standing of the student.
- * The New Democratic Government will begin detailed study of the planning needed to meet the problems of automation and cybernation. We believe that teaching must be transformed from "education for jobs" to "education for living completely and leisurely."

DO YOU KNOW THAT TODAY 14 men tend the machines which turn out 90% of all the light bulbs used in the U.S.A.? This situation DEMANDS a completely up-to-date approach to education if our society is to remain economically and socially wholesome.

FREE ENTERPRISE

The New Democratic Party supports the principle of FREE ENTERPRISE.

- * We believe in the family farm - we do NOT believe in our farmers working for the large grocery chains - a development which is likely to increase unless government takes definite action.
- * We believe in the SMALL BUSINESS-MAN - by his individual efforts and pride in his work, he is the backbone of the country. HE WILL RECEIVE OUR FULL SUPPORT.
- * BUT we believe that in the public interest, the public must control, through their elected representatives, the monopolies and large corporations, WHO ARE THE REAL ENEMIES OF FREE ENTERPRISE.
- * An N.D.P. Government will follow the lead of such countries as Great Britain and pass legislation with teeth in it against monopoly practices.

In Alberta we refer in particular to the oil and gas industry, which we believe in many instances develops policies against the best interests of the people of this province.

DO YOU KNOW THAT under the British Monopolies and Merger Act (1965) control is exercised over monopolies and mergers when they result in one firm or company controlling 1/3rd, or more of the market. The situation is AUTOMATICALLY investigated by an administrative tribunal on which economists, businessmen and consumers are represented.

DO YOU KNOW THAT Canadian law is unsatisfactory in that the only successful monopoly prosecution in many years was the one against Eddy Match Company (1952 and 1954) which concerned the acquisition of VIRTUALLY COMPLETE MARKET CONTROL.

AUTOMOBILE INSURANCE

There is only ONE solution to the automobile insurance problem and that is the implementation of a government-sponsored auto insurance plan.

A single plan, co-ordinating coverage, safety research, driver training plans, safety campaigns, settlement of claims and control of drivers will mean a reduction of 33 and 1/3rd% in rates, increased efficiency and safer driving for all.

UTILITIES

- * Power companies spend approximately 39¢ out of the consumer dollar on operating costs and interest charges. After allowing for depreciation, a New Democratic Government would see to it that electricity bills are immediately reduced by 33 and 1/3rd% of the present rates, or by 25% in the event that the so-called tax rebates are taken into account.

- * Natural gas companies spend 66¢ out of the consumer dollar on gas purchases, operating costs and interest charges. After allowing for depreciation, a New Democratic Government would see to it that natural gas bills are reduced by 25% and even after the so-called tax rebates, the rates would be reduced by at least 15%.

- * This could be accomplished while leaving the utilities under private ownership, but, if the companies were under public ownership, even greater savings could be provided to the householder.

DO YOU KNOW THAT if the City of Edmonton did not operate its own water, power and telephone systems, the tax assessment would increase by about 14 mills-

TAXATION

- * PROPERTY TAXES WILL BE CUT IN HALF by removing from them the burden of education costs NOW. The N.D.P. will put the education costs where they belong - on to general taxation, and let the big corporations and big business pay their share!

After all, they employ our children once their education is completed. WHERE ELSE WOULD THE MONEY COME FROM?

As an Albertan you are a royalty owner on 90% of the land in this province. A New Democratic Government will raise royalties to a sufficient level to eliminate taxation of property for education. Why should you be satisfied with an average of 12-1/2% when the going rate in Texas is 25 - 30%? The average Albertan (as owner or tenant) pays \$300.00 per year property taxes. Of this roughly 56% or \$170.00 is education tax. Increased royalties would pay this \$170.00.

After going through a lot of red tape and answering questions which are none of the government's business, Mr. Manning says you can get \$50.00 back if you are a homeowner but nothing if you rent. Why not save \$170.00 by just keeping it in your pocket EITHER AS HOME-OWNER OR TENANT?

- * We support the recommendations of the CARTER ROYAL COMMISSION ON TAXATION and we will, therefore,
- * increase corporation taxes, reduce depreciation allowances and eliminate the tax-dodging which takes place through such devices as sales promotion, and
- * press for tax-deduction increases to compensate for the increased cost of living.

WE WILL, AS THE ABOVE LEGISLATION IS IMPLEMENTED, PROGRESSIVELY REDUCE YOUR INCOME TAXES.

HUMAN RIGHTS

The New Democratic Party believes that true political, economic and social freedom has not yet been attained in Alberta. Free thought is repressed through pressure applied to employees, through limited access to mass media and through political pressure. IN SUCH AN ATMOSPHERE IT IS DIFFICULT FOR THE AVERAGE CITIZEN TO KNOW WHAT IS TRUE AND WHAT IS NOT.

The New Democratic Government will enact legislation to provide the following guarantees of justice and freedom to all citizens:

- * legislation to ensure that all citizens and residents of whatever background be assured equal treatment by Fair Employment and Fair Accommodations Acts, and recourse IN LAW to violations of human rights,
- * the establishment of true representation by population through a permanent non-political commission which would keep electoral boundaries up-to-date.
- * to provide for freedom of speech and for complete political freedom of the civil servant and of all employees.
- * penalties to be levied against all who practice political persecution.
- * the establishment of a permanent voters' register.
- * the establishment of a REAL OMBUDSMAN, the development of the office of Public Defender and a Legal Aid Scheme.
- * the establishment of an independent commission to investigate the power of government tribunals in Alberta, and to establish a means of appeal to the courts from decisions by such boards.
- * limitation of the invasion of privacy of the citizen through the elimination of wire-tapping EXCEPT on the order of a judge of the Supreme Court, and limited to one month's duration and also legislation requiring a COURT ORDER for the opening of school files by anyone other than a licenced teacher and the destruction of all school records except a record of marks obtained in departmental examinations upon the completion of Grade 12.
- * the recording and publishing for sale of all legislative proceedings.
- * the up-grading of the penal system to meet 20th. century standards.
- * the review of censorship regulations.

THE OPEN SOCIETY

- * ELECTION FINANCING: A recent report on the Royal Commission investigating election financing (published in the Canadian Business Monthly, December 1966) stated that ONLY THEN N.D.P. could or would produce evidence of how much money they spent on the last Federal Election - AND WHERE THEY GOT THE MONEY FROM.

When the election was called, the Liberals were \$250,000 in debt: by election day they had accumulated \$3.8 million.

YOU DON'T GET THAT KIND OF MONEY FROM "JOE BLOW"!

- * We believe that members of government should reveal all their financial holdings when they take office, and NOT USE THEIR OFFICE FOR PERSONAL GAIN.

SHOPLIFTING LOSSES INCREASE COSTS -- Husband wife shoplifting teams are a major headache to retailers, according to S. H. Mortimer, security chief of a major British Columbia department store. He says teenage shoplifting is also on the increase, according to a report in Home Goods Retailing. Mortimer recommends that retailers should make sure dark corners are well lighted and that all merchandise should be at eye level. "Above all, circulate among your customers," he advises. He says shoplifting in Canada is not as bad as in the U.S., where merchandise has to be marked up 50% and 60% to cope with shoplifting losses.

Logans celebrate Anniversary

On Saturday, April 15th, Mr. and Mrs. Arthur Logan, celebrated their 25th wedding anniversary, with an Anniversary Marriage Mass in St. Charles Church, Mearns. Rev. Father T. Rozmahel, pastor officiated.

The ceremony was followed by a family dinner at their home in Morinville for the immediate family of 10 children with their parents and Mrs. Norman Logan.

Later in the evening a surprise party was held in the Morinville Legion Hall for Mr. and Mrs. Arthur Logan, when some 200 friends and relatives gathered to fete the happy anniversary.

Mr. Maurice Budgnet, M.C. proposed a toast to the happy couple. A purse was presented to Mrs. Logan on behalf of the family and friends. A telegram was received from Mr. Percy Logan in Nova Scotia, brother of the groom who was best man at the wedding twenty-five years ago. Mrs. Albertine Duperron from Lac La Biche, sister of the bride and also her bridesmaid was present.

For the occasion Mrs. Logan chose a black and white lace dress over black crepe with silver accessories, and yellow roses in corsage.

Mr. and Mrs. Arthur Logan were married on April 8th, 1942, by Rev. Father Merchant in St. Charles Church in Mearns. They were attended by Miss Albertine Lacasse and Mr. Percy Logan.

They lived in Egg Lake district for 20 years and then the family moved to Legal where they resided for three years. Two years ago they moved to Morinville. They were blessed with 11 children 10 living today, Pricilla, Geraldine, David, Doreen, Bernice, Robert, Walter, Norman, Linda and Pearl.

A statement about your accommodations in Montreal for Expo67

Expo 67 is bound to put heavy pressure on accommodations in Montreal. Nevertheless, LOGEXPO, the official Expo 67 accommodation bureau, assures every visitor a place to stay.
At peak periods you may not be able to get certain kinds of accommodation—downtown hotel rooms, for example. But even at these times, there will be sufficient alternative accommodation for everyone.
Over 79,000 rooms are available in all.
Private Homes. Over 30,000 hospitable Montrealers are welcoming visitors into their homes. RATES: from \$8 to \$14 a day for two people, \$10 to \$18 for three, or \$12 to \$22 for four.
Efficiency Apartments, with kitchen facilities and maid service. RATES: \$18 to \$25 a day for two persons, plus \$3 a day for each additional person.
Hotels. There are still some vacancies in downtown hotels during some periods, also in resort hotels within easy reach of Expo 67. RATES: from \$12 to \$30 a day.
Tourist Homes. The position is similar to that of hotels and motels, with some vacancies in all periods. RATES: \$10 to \$18 (double occupancy).

Every room has been inspected and approved by an agency of the Government of Quebec, and a controlled rate established.
All you have to do to make a reservation is mail the coupon below to LOGEXPO. You will receive a reply in 7-10 days, followed by confirmation direct from the management of the hotel, etc., or the homeowner.
Or phone (514) 397-8397 for immediate information and reservations.
Motels. Available in many periods, particularly early in the season, and after September 4th. RATES: \$12 to \$30 (double occupancy).
Motels (Trailer type) With kitchen facilities and maid service. RATES: from \$25 a day for two persons, \$30 a day for four, or \$49 a day for eight. Children under 12, free.

In far-away Bolivia, among the poor tin-miners, lives and works a young priest, Father Ovilla Gobeil, Father Gobeil, who was raised on a farm in the Beaumont, Alberta, area, was ordained in St. Albert in December 1964, and left for

Latin America in September 1965. Upon arrival in Cochabamba, a semi-tropical city, Father Gobeil immediately began learning Spanish. He also learned to speak Cassilent, the language of the mountain people, and Amara, the language spoken by the older people. Both of these are very similar to Spanish.

to the benefit of Bolivian children. A first rate example of Centennial Spirit in action! Congratulations to the students and teachers of these three schools!

Father Gobeil is at present working in the extremely high, semi-desert area where the tin mines of Bolivia are located. Very little vegetation grows there, and the llama is the only animal which can survive. Every three months or so, Father Gobeil has to come down to the lower regions as a longer period of time spent at such high altitudes would seriously damage his health.

The young priest travels around the countryside in a jeep, received from some people in Edmonton. He finds the Bolivian people sincere and simple, their style of living very primitive. The majority of the people in the

For those readers wishing to share our prosperity, your gift or donation is most welcome. Father Gobeil recently

bought a group of first pairs of shoes with a donation from people in Edmonton. Amounts under \$15.00 sent direct to Father Gobeil, O.M.I., Cas Oruro, Bolivia, S.A. Any amount over that be directed to Mont Father Levangie will happy to provide you address.

Newcomers

The next general meeting of Welcome Wagon Newcomers' Club will be held Wednesday, May 3rd at Club Mocombo at 6:30 p.m.

Members are reminded to telephone Mrs. Gale Sammons at 599-8746 before Sunday, April 30th if unable to attend.

Plans for the picnic to be held Sunday, June 4th for the residents of Youville Home and Senior Citizens of St. Albert are well underway. Anyone interested in Newcomers' Club please phone membership chairman Mrs. Joy Barker - 599-3913.

Father Gobeil and Father Levangie of the St. Albert Parish are close personal friends and they correspond regularly. Father Levangie has a most interesting collection of slides taken by Father Gobeil, which he showed to the students of Father Jan, Father Lacombe and Vital Grandin Schools. The children were so impressed by the poverty of the Bolivian people, that, entirely on their own initiative and encouraged by their teachers, they decided to "share the Birthday Cake." During the Lenten period the students of these three schools raised \$300.00. This money was sent to Father Gobeil, to be used

PEDAL PUSHERS

At the time of writing we have received most of the registrations for the Pedal Pushers Club. We would remind parents that this club will not be able to operate without the help of volunteers as instructors, so we once again urge parents to offer their services - we appreciate very much the offers we have received already. The good safety record of cyclists in St. Albert depends very much on the education of our youngsters in road safety, care of bicycles, etc.

Several locations are being considered (with due regard to the convenience of the young cyclists) and it's planned to hold the sessions on May 1st, 3rd, 5th, 8th, 10th and 12th, with the final session and party on the 13th. With the exception of the party, which will be held in the afternoon, each session will start at 6:30 p.m. and last for approximately an hour. The time and place will be announced in the schools as soon as the arrangements are finalized. In the meantime, parents, let us hear from you. Please call the Department at 599-6601 ext. 36 or 35.

BASEBALL

The Knights of Columbus who are sponsoring baseball for our boys in St. Albert are in need of more coaches and umpires. Anyone willing to act in either capacity is invited to phone Richard Lafleur at 599-7463 as soon as possible.

The programme is being conducted for boys between the ages of 8 and 16 years during the months of May and June. Registration forms can be picked up at the office of the Parks and Recreation Department or at Belmont Agencies, 20 Piron Street. They must be returned not later than Friday April 28th. The registration fee is \$3.00.

4H Club plans benefit supper

The Alcomdale 4-H Beef Club held their annual club tour and judging demonstration on April 8th.

The afternoon started at J. Gonek's with two classes of calves to judge. The first was feeder steers, the other, breeding heifers. The two judges were Don Rinas and Bill Gonek.

The tour then proceeded to see each of the members and pee wee member's calves. The day finished with lunch being served at M. Davidsons.

About 40 people attended the tour including Mr. S.

Powers the district agriculturist. The club wishes to thank the judges and Mr. Gonek for their help with the judging.

The Alcomdale 4-H Beef Club will be having a Pot Luck Supper followed by a talent night to raise money for a calf which one of the members unfortunately lost this year. Any further money will be contributed to an insurance fund for future years.

This will take place on April 28th, the supper served from 6:00 - 8:00 p.m. The club would appreciate everyone's support.

Ste. Anne ladies hear talk on wills

On April 17th, the Ladies of Ste. Anne held a short meeting and it was agreed that the organization contribute \$25 to Miss Nicole Cyr to provide for some of her expenses in July when she will travel to Montreal with 12 other Albertans to take a short course in singing and conducting choirs.

Then at 8:30 some 50 ladies including guests from St. Emile's C.W.L. were present to hear Mr. Bernard Lavalley a prominent Edmonton lawyer who was surely capable of speaking on wills, Dowry Act for women, income and estate taxes and car insurance. His highly informative talk was mingled with humour, the interest in these subjects was obvious from the many questions directed from the audience. It would be advisable for the husbands to attend the next such meeting.

Since when was a penny 'small change'?

No small change, your power pennies! They're big in value, comfort and convenience when put to work around the farm. Power pennies are the only pennies that have doubled in value in the past 20 years. Here's what one power penny will do for you:

You light your farmyard for 3 hours for a power penny.

A barn is ventilated for a power penny a day.

A power penny and a dairy bulk tank keep 5 gallons of milk cool for 30 days.

A power penny a day makes home bodies of your cattle.

A power penny runs a milking machine for 10 days.

Paul Cloutiers celebrate Silver wedding

The children of Mr. & Mrs. Paul Cloutier of Legal organized a lovely 25th Wedding Anniversary for their parents recently.

A Mass offered by Father Ricard was celebrated at 4:00 p.m. at St. Emile Church, Legal. Nicole Cyr was organist and Leonard Forcade soloist.

Supper at the Legal Community Hall followed for the immediate family, Terry Beaudry a son-in law was Master of Ceremonies.

In the evening a reception

and buffet supper at midnight was held for the many well-wishers who attended. A three tiered wedding cake flanked by pink sweetheart roses and topped with 2 silver bells centred the attractive table. Mrs. Cloutier wore a lovely "Centennial Rose" lace dress, white accessories and a corsage of white roses.

Many guests and relatives attended from Plamondon and Edmonton.

Lorraine Mahe given Shower

Some 80 friends and relatives gathered at the Recreation Centre, Sunday afternoon for a miscellaneous shower given in honour of Miss Lorraine Mahe. Seated at the head table was the guest of honour who looked lovely in her burnt orange dress, complimented by a corsage of white roses. She was accompanied by her mother and her three future bridesmaids, Misses Marie Rose Mahe, Jeannette Brisson and Laura Valliant.

The hostesses entertained the guests with several games that were enjoyed by all.

Following the opening of the gifts a delicious lunch was served and Lorraine thanked everyone for attending and for their beautiful and useful gifts. She also thanked the hostesses for organizing such a lovely shower in her honour.

Out of town guests came

from Westlock, Clyde, Morinville, St. Albert and

Edmonton. Miss Mahe will become the bride of Mr. Robert Hamblin of Innisfail in an early May wedding.

Local NDP candidate attends policy conference

During the weekend, Dr. Norman Dolman, the New Democratic Party candidate for St. Albert Provincial Constituency, attended the policy conference held in Red Deer. Neil Reimer, N.D.P. Leader, spoke on Sunday morning on their strategy and policy for the forthcoming provincial election. The broad issues were thoroughly discussed as well as the local issues in each constituency.

This was followed by an organizational seminar, which was chaired by Dr. Dolman.

On the Saturday evening a rally was held in the auditorium of the Central Junior High School in Red Deer with 400 people in attendance. This capacity crowd heard Neil Reimer tell how and why he was confident that the New Democratic Party would form the government of this province on May 24th. He stressed that the New Democrats were pressing for AN OPEN SOCIETY, which included the right of free speech, publication of legislative proceedings for the public to read and the publication of election funds. He

also said that all cabinet ministers should be compelled by law to make an annual statement of their financial interests so that the public could satisfy themselves that there was no conflict of interest. Mr. Garth Turcott, the N.D.P. M.L.A. for Pincher-Creek - Crownsnest spoke on the recent legislative session. He said: "Mr. Manning owed it to the people of Alberta to wait until the results of the judicial inquiry were made public before calling an election."

He also summarised the position of the Liberal members in the house, in which Mr. Maccagno immediately sided with the Social Credit government in castigating him although Mr. Manning finally was forced to vindicate him by calling for the judicial inquiry which he had asked for all along.

Both Garth Turcott and Neil Reimer received a standing ovation.

A rainbow for Canada

by Patricia Hamilton.

The first automobile in Alberta was imported from Winnipeg by Mr. Joseph Morris in 1903. It was shipped by way of Calgary so Mr. Morris could drive around the streets and show off to Calgarians. Then he had it loaded back onto the train and brought the rest of the way to his home in Edmonton. The total cost was \$775. Edmontonians were both excited and bewildered by the first Gas Buggy. Its break-neck speed was 10 miles an hour and it soon was known locally as the Red Monster. Most people ran away from it while others murmured that such a terrifying invention would never catch on. Mr. Morris was given licence number 1 and was allowed to keep the same one for the rest of his life.

With summer coming, things to do and places to go are upper most in everyone's plans. As near as Elk Island Park the nearly extinct Bison buffalo can be seen. In their own way these shaggy beasts helped to shape Alberta's history. The Indians lived almost entirely on buffalo meat, clothed and housed themselves with the hides, used the bones for tools and the horns for ritual costumes. The White traders, trappers and settlers depended on the buffalo for food and clothing, too. When the herds were gone the population was forced to turn to the land. One of our basic economies was, therefore hastened by the disappearance of the buffalo.

It was the buffalo, too, that saw Alberta long before men came. Indians have woven legends around one of our strangest landmarks but the buffalo saw it first. It is the Big Rock and can be seen near the town of Okotoks, on the Turner Valley Road. It is 18,000 tons of mystery. No one knows where it came from or why this type of stone should be standing so comfortably on the Alberta prairie. Archaeologists say it has been there longer than man has been in North America.

Anyone who has travelled Highway 21 to Camrose has probably been aware of telegraph poles along the road. The stretch of line from Hay Lakes to Edmonton is a mon-

St. ALBERT PROTESTANT SEPARATE SCHOOL DISTRICT No. 6

PUBLIC NOTICE

By the Board of Trustees of The St. Albert Protestant Separate School District No. 6 of the Province of Alberta

WHEREAS it is deemed expedient by the Board of Trustees of the St. Albert Protestant Separate School District No. 6 of the Province of Alberta, that the sum of Nine Hundred and Sixty-Five Thousand dollars should be borrowed on the security of the said District by issue of Debentures repayable to the bearer in twenty consecutive annual instalments with interest at the rate of not more than seven per centum per annum for following purposes, namely:

- Erecting a masonry addition to Sir George Simpson Junior High School, to consist of 5 regular classrooms, 4 Science Experience Classrooms, 2 Science Preparation rooms, 2 General Ancillary rooms, 1 Language Laboratory, 1 Library, 1 Home Economics room, 1 Industrial Arts room, 1 Gymnasium, Administrative Centre, Staff Centre, Infirmary and Conference Room plus such other non-instructional areas as are deemed necessary to provide a functional educational unit which fall within the limitations set forth in the Regulations under the School Buildings Act and include Architects' fees and water supply and sewage disposal system, at an estimated cost of \$873,246.00.
- Site Improvement at an estimated cost of \$3,500.00.
- Providing furniture and equipment at an estimated cost of \$90,000.00.
- At 50 Grosvenor Boulevard, St. Albert, Alberta. This By-Law repeals, rescinds or replaces previous By-Laws 2/66 and 4/66 approved on the 23rd day of June 1966, and By-Law 5/66 approved on the 22nd day of September, 1966, and which were in the total amount \$821,000.00.

THEREFORE, notice is hereby given by the Board of the said School District that unless a poll of the proprietors of the said School District for and against the said debenture loan is demanded as provided by the School Act, the said Board will apply to the Local Authorities Board for authority to borrow the said sum by debentures.

Of which all persons interested are hereby notified, and they are required to govern themselves accordingly.

R. H. Harvey, (Chairman)

Dated at St. Albert, Alberta
this 20th day of April, 1967.

INSTRUCTIONS TO PROPRIETARY ELECTORS IN SCHOOL DISTRICT.

- A poll of the proprietary electors for and against the by-law may be demanded within fifteen days after the date of the posting of or of the last publication of the notice, the demand for a poll shall be in such form as is prescribed by the Minister and shall be signed (a) in a district other than a city district, by five proprietary electors or by five per cent of the proprietary electors, whichever is the lesser number, (b) in a city district, by one thousand proprietary electors or by five per cent of the proprietary electors, whichever is the lesser number.
- The demand for a poll should be delivered to the secretary of the district or, in his absence, to the chairman of the board of trustees. A certified copy of the demand should be transmitted forthwith to the Local Board of Alberta, at Edmonton.
- Proprietary elector means any elector, who is liable to assessment and taxation for school purposes in respect of property situated in the district.

WARNING!

ON PROPER STORAGE OF FUR AND CLOTH GARMENTS

There may be instances of false advertising in the fur and cloth storage business. Some firms may not have proper fur storage facilities.

Therefore, before you store your fur (or clothes) we suggest that the following points be checked:

- Is your Fur being stored in a properly refrigerated Vault with Humidity Control?
- Is your Fur stored in a Vault approved by the Insurance Underwriters' Association for Fire, Theft and Other Risks?
- It is your right to know exactly where your Furs are being stored. If in doubt insist on inspection of Premises and Storage Vault. Any reputable businessman will welcome a complete investigation, and willingly show his Storage Facilities.

ur biggest weekend Rodeo 106

with snow on the ground St. Albert's biggest weekend around the corner. That's right! Only eight weeks when the Kinsmen Club, together with many church and community organizations, will stage Rodeo 106 on the 16th and 17th, to celebrate the 106th birthday of St. Albert.

Rodeo 106 promises to be bigger and better than ever with more events, a larger midway, added attraction of a truck display at the end of the evening's performance. Professional cowboys, 1966 All Round Canadian Champion, Tom Bews, 1966 All Round Canadian Champion, Harold Mandeville, and George Battersfield and George Battersfield to name only a few, on hand to contest for prize money of \$10,000 added. Additional prizes for the cowboys include a championship saddle by the Bruin Inn, donated to the All Round Rodeo Champion, silver buckle donated by Truck Service Limited, awarded to the High Rodeo Champion, approximately one hundred of Canada's top ranking cowboys will be on hand to compete in events. They are wrestling, Brahma Bull, Calf Roping, Bare Bronco Riding, Saddle Riding, and a new event

added to the program this year, WILD COW MILKING. In addition, the show will include Girls Barrel Racing, together with one of Canada's best known and most talented trick riding acts, the Duce Family. Roger Mawson, one of the most famous clowns in the business, will be returning to St. Albert for the second time together with his trick Shetland Mule.

The cowboys will perform on the finest stock available in Canada or the United States. Reg Kesler, known all over the Continent for supplying stock for Championship Rodeos, will again be this year's stock contractor. It might be of interest to the readers to know that Mr. Kesler has been awarded the contract to supply stock to the Expo Rodeo being held in Montreal later this year.

No Rodeo can be a success without a good announcer and Bill Holt, who hails from south of the border, will be on hand to see that each of the events comes off with split second timing and to describe the

action as it takes place. The giant Midway will be set up on the grounds and will feature new rides and new acts for the enjoyment of both children and adults. Church groups and other community organizations will provide food, refreshments, and amusement booths. Any clubs wishing to serve the community in this worthwhile event by operating a booth, should contact the concessions committee without delay.

Last year's parade was an unqualified success, however this year's Rodeo 106 parade on Saturday, June 17th, at eleven A.M., is shaping up to be even greater and will feature many famous bands and groups together with floats manned by the children of our community. Any group interested in participating in the parade should contact a member of the parade committee. Remember, time is running out and parade entries are limited.

One of the highlights of the entire Rodeo is the selection of the Rodeo Queen, and although the Rodeo 106 Queen

Contest is still being finalized, it is hoped that many organizations in St. Albert and nearby areas will support this gala occasion by sponsoring a contestant. Any inquiries regarding the Queen Contest should be directed to the Queen Contest Committee.

The Kinsmen Club of St. Albert will again raffle off a brand new crisp ONE THOUSAND DOLLAR BILL. Support your Kinsmen by purchasing a ticket. Who knows - you may be the lucky winner!

No Rodeo can be a success without people. The Kinsmen have been planning and working on Rodeo 106 since January to make this year's spectacular the greatest St. Albert attraction ever. They need the support of all businessmen, and they need the support of all residents in this community to achieve that goal. Start planning for a RODEO WEEKEND at your house. Invite your friends to the biggest and wildest Rodeo in Northern Alberta - St. Albert Rodeo 106. SEE YOU AT THE CORRAL - JUNE 16TH AND 17TH.

Miss Elaine Adams will be leaving her job at the Parks and Recreation Department in mid May to go to Lac Ste. Anne where she will be employed at the County Office. We were forced to admit that Elaine is not leaving because Mr. Gate is a cranky boss, when we discovered there is a young man in Lac Ste. Anne who will become her husband next October. Her many friends will wish her well.

Golfers handicaps by B of M computers

Handicap chairmen and their committees across the country will now have help from Bank of Montreal computers in calculating golf handicaps. G. Arnold Hart, chairman and president, said the bank has introduced a new service "to relieve golf clubs of the chore of calculating handicaps."

The programme was developed with the approval of the Royal Canadian Golf Association, at the Board of Trade Country Club in Toronto, where it received enthusiastic support. The service has been endorsed for country-wide application by the RCGA, whose rules will apply.

Twice monthly, participating golf clubs will receive summaries of members'

handicaps calculated by computers at the bank's Genie centres in Montreal, Toronto and Vancouver. Clubs and golfers will be able to use these summaries both to ascertain the handicap and to post new scores.

In addition, individual handicap cards will be provided for members of clubs affiliated with the provincial golf associations and the RCGA, and cards will be renewed automatically at least once a month. The cards will be valid for tournament purposes.

Each of the bank's 995 offices in Canada will act as relay points for the regional Genie centres.

If you think it's difficult to meet new people, just pick up the wrong golf ball!

Chateau Sturgeon

In the past weeks several bingos were organized by the staff and the prizes were given by Mrs. Albinati, Mrs. Parent, Mrs. Morris and Mr. Leduc. The lucky winners were Mrs. Cyr, Schaffers, Parent, Comeau, Montpetit, Mr. Leduc, Bourgeois, Bernard, Comeau and Father Garnier.

Tuesday evening the Home was gay, the Citizens happy when Mrs. Schaffer's children gathered at the Chateau to celebrate their mother's birthday. One of her sons from Blackfalds, was present for the celebration. The swinging and lively music of Mrs. Kraus at the piano, Mr. Hittinger on the violin and his son on the accordion had everyone in a dancing mood. Waltzes, two steps and the old favourite square dances were enjoyed by all. To complete the evening a number of songs were sung, then Mrs. Schaffer was presented with a lovely bouquet of flowers and a beautifully decorated birthday cake. A delicious lunch was served and everyone enjoyed themselves tremendously.

Assistant Fieldman.

MOVED that the meeting adjourn at 12:30 p.m. and to reconvene at 1:00 p.m.

Chairman Wm. Flynn reconvened the meeting at 1:30 p.m. for the two positions.

Following the interviews it was moved that the Agricultural Service Board recommend to Council the appointment of Mr. James Sharp as the Agricultural Fieldman for the Municipal District of Sturgeon No. 90, duties to commence April 1, 1967.

It was decided that the Service Board recommend to Council the appointment of a full time assistant agricult-

ural fieldman in order to be able to introduce winter months A.S.B. programs formulated by the Board and that said assistant receive the necessary training to fill the position of Agricultural Fieldman when need arises.

The Board recommended the appointment of Mr. Jean Hogue as full time assistant agricultural fieldman for the Municipal District of Sturgeon No. 90 as first choice.

The appointment of Maurice Charrois as second choice for the position of assistant agricultural fieldman was also recommended.

Changes sought in abortion laws

Illegal abortions in Canada during 1966 are estimated to have totalled 300,000 - and 80 per cent of the women who sought them were married.

These startling statistics - the abortion total almost matches the 1966 live birth figure of 386,000 - are among the reasons why the Association for the Modernization of Canadian Abortion Laws is seeking nationwide support.

AMCAL, whose headquarters are at 285 Metcalfe St., Ottawa 4, Ontario, wants the present law changed so that abortion would be legal when:

- (1) the physical or mental health of the mother is in danger;
- (2) pregnancy is the result of rape or incest;
- (3) there is a high probability of retardation or malformation of the unborn child or because of serious hereditary disease.

As part of its campaign, AMCAL is at present seeking the views of men and women throughout Canada. Supporters already include lawyers, doctors, members of Parliament and business men, Mrs. Lore Perron, the Association's president, is also gathering confidential case histories of women who have had or tried to have abortions.

"The modernization of our abortion laws is a matter for urgent consideration," says Mrs. Perron. "Can we bring unwanted children into this world - children grossly malformed or retarded? Is it not barbaric to force a woman to bring to term a child conceived through rape?"

"How many women will suffer mental and physical

torture and how many more will die before our present archaic law is revised?" Mrs. Perron asks.

Push button loans now in London

PUSH BUTTON LOANS -- If you run short of money at three o'clock in the morning you can get it out of a slot machine, reports Marketing That is, if you live in London, England, and have an account with Westminster Bank-- believed to be the first in the world to go in for merchandising money. This doesn't mean that anyone short of a few pounds can use the machine and borrow any amount. The bank's 24-hour money dispenser can only be used by approved customers and the limit is 10 pounds. The machine, built into the bank's solid walls is fitted with a series of push buttons. To get his money, a customer inserts a plastic card, then punches out a combination known only to himself and the bank manager. Then out comes the cash. A person can go to the money well only once. After the card has been inserted in the slot, it can't be withdrawn; it stays there until the bank staff empties the machine, so it's not possible to obtain more than \$30 in any one 24-hour period. Said a bank official: "When the machine is emptied the cards are checked and the customer's account is debited by 10 pounds. He gets his card

Namoo news

On the evening of April 10, the Namoo 4-H Garden Club held a meeting at the home of Mrs. Rita Crozier. The meeting was shortened because of the public speaking which was to follow. The club had previously asked Mrs. Harrold and Mr. Powers if they would be this year's judges, and both had accepted.

Each of the girls worked hard to prepare their topic Judy Crozier, a sixth year member, who received first spoke on a most interesting topic - "Teen-itus". A subject of which we all take for granted "Water" was spoken by Audrey Gibbons, a first year member who came second.

We would like to thank Mrs. Harrold and Mr. Powers for coming and doing a very fine job of judging.

back by calling at the bank requesting its return by post. This method of merchandising money will go far to silence the critics who say that Britain's banking hours are too short for the working man. The system is intended to be nation-wide. This summer pilot schemes will start in Liverpool, Manchester Birmingham, Bristol, Brighton and other cities.

One of the funniest stage comedies ever produced on Broadway will be featured at Edmonton's Citadel Theatre April 26th to May 20th.

LUV, which played to packed houses in New York for 26 months, will ring down the curtain on The Citadel's 1966-67 season.

This live theatre production will star Jack Heller, who was cast in the original Broadway show; and Toronto's well-known acting team of Sylvia and Ben Lennick.

Mr. Heller was featured in the movies MARJORIE MORNINGSTAR and ACT ONE, as well as in Broadway's ONE BY ONE, by Dore Schary.

For seven years, the Lennicks starred in the popular CBC radio program, "At Home With The Lennicks." Sylvia has appeared on The Ed Sullivan Show, and has performed in many top-ranking TV and stage productions. They were hits last year in The Citadel's COME BLOW YOUR HORN, which set attendance records.

LUV, written by the famous playwright, Murray Schisgal, will be directed by Robert Glenn. The play was described as "the answer to a theatre-goer's prayer", by Walter Kerr, the noted New York drama critic.

The Citadel, along with The

Sturgeon teachers to hold institute

The Sturgeon Inspectorate teachers will attend an institute on April 28th, at Thibault School. Registration begins at 8:45.

The two major items of discussion at the institute will be reporting and parent-teacher conferences. Mr. Verner Nyberg, a member of the University of Alberta, faculty of education, will be guest speaker of the morning session.

In the afternoon session a panel composed of representatives from the teaching field school administration, school guidance and home and school will discuss parent-teacher conferences.

Shoplifting

SHOPLIFTING LOSSES INCREASE COSTS -- Husband wife shoplifting teams are a major headache to retailers, according to S. H. Mortimer, security chief of a major British Columbia department store. He says teenage shoplifting is also on the increase, according to a report in Home Goods Retailing. Mortimer recommends that retailers should make sure dark corners are well lighted and that all merchandise should be at eye level. "Above all, circulate among your customers," he advises. He says shoplifting in Canada is not as bad as in the U.S., where merchandise has to be marked up 50% and 60% to cope with shoplifting losses

COWBOY BOOTS ARE GETTING SOPHISTICATED - New leather combinations, new rich colours, more advanced designs are making cowboy boots one of the most fashionable items in the West. Among the new fashions are the matching boots for all members of the family, in a complete choice of designs and leather arrangements, ranging from suede to alligator and from calf to snake. The trend to Western boots for all occasions is also rapidly spreading and they are becoming the "in" fashion in Eastern Canada. Shown above are a few examples of the new sophisticated creations by Boulet's St. Tite, Quebec.

We liked these . . .

The traveller, recently returned from several months in the Belgian Congo, brought back quite a supply of shrunken heads. Hoping that they might be worth something, he called up a well-known department store. "I would like to speak to someone about the possibility of selling some shrunken heads," he announced.

"One moment, please," replied the operator. In a few minutes he heard a click and a very prim voice said, "Hello, this is the head buyer speaking."

The customs inspector looked through an old gentleman's luggage and found a flask of whiskey.

"I thought you said you had nothing but clothing in here," the inspector said. "I did, and it's true," replied the old gent. "That, sir, is my nightcap."

"Keeping your eye on a hula dancer's hands is like going through an art gallery and looking at the ceiling."

On a pessimist's tombstone: "I expected this and here I am."

Mother: Stop reaching across the table when you want more cake! Haven't you a tongue?
Sonny: "Yes, Mother but my arm is much longer!"

Two Mongolians were sitting in their front room waiting for dinner to finish cooking. The husband suddenly looked up, sniffed the air and asked, "What do I smell?" Whereupon, the wife jumped up frantically, crying out, "Oh, my baking yak."

It takes two to make a marriage - a single girl and an anxious mother.

There was a little Mission Church located on the Kinsella Farm built prior to the present St. Emerance Church in 1902. Details are few on the early history of the parish. For the following account we are grateful for the cooperation received from some pioneer families of the district who provided information.

The first resident priest was Rev. Charles Okyson who looked after the shell erection of the present church building and worked very hard to finish the interior, prior to his departure in 1917. Rev. Father Duberville then became pastor for two years and continued the work on the new church. Father Landerville then took charge and the church was completed between 1919 and 1921. He was followed by Rev. Father F.

McNabb who remained in Riviere Qui Barre until 1924. Under the next pastor, Rev. Alfred McIntyre an Altar and Communion rail were added to the church. He became a living legend in the parish and remained the Good Shepherd of St. Emerance until Nov. 14th, 1965, when death ended a fruitful pastorate for a priest who was Father, Councillor and Friend of all his Parishioners.

Rev. Father Crough and later Rev. John Adamick were in charge of the parish in the interval until Father T. Rozmahel, the present pastor was appointed to St. Emerance.

It may be a surprise to some young folks who drive through Riviere Qui Barre, to know that at the turn of the century Riviere Qui Barre, was a thriving and bustling community with two hotels, a large creamery, two big general stores, barber shop, blacksmith shop and that a coal mine was in full operation on the land now owned by Andre Boddez. Riviere Qui Barre was in direct line from Edmonton on the old Edson Trail and the freight hauling was extremely heavy as the railroad was being built. It was always hoped that the N.A.R. would go through this community. After the N.A.R. and Athabasca lines were built, the lack of outside connections and railway facilities were responsible for the moving of many resident businesses. The main C.N.R. railroad lines were too far west to help this part of the district, and it became the small country village it is today.

But for all that, the district can praise and remember many old timers and pioneer families who have contributed

much to the service of God and Country. We take this occasion in this our Centennial Year to remember those who come to mind and we hope that no one is hurt if in error a few are not listed.

Following is a list of families who were established in the Riviere Qui Barre District prior to 1910:

Mr. and Mrs. Moise Comeau
Mr. & Mrs. Onesime Comeau
Mr. & Mrs. Edward Flynn
Mr. & Mrs. Thomas McMahon

Mr. & Mrs. Moise Granger
Mr. & Mrs. Edmond Juneau
Mr. & Mrs. Napoleon Belanger

Mr. & Mrs. Elphedge Belanger

Mr. & Mrs. Jerry Donovan
Mr. & Mrs. John McNamara

Mr. & Mrs. John Williams

Mr. & Mrs. Bernard Falls

Mr. & Mrs. John Sheehan
Mr. & Mrs. James Fitzgerald

Mr. Walter Nobert

Mr. & Mrs. Micheal Calahoo
Mr. & Mrs. Theophile Paquette

Mr. & Mrs. Thomas Redmond

Among those native sons who dedicated their lives to God's service are: Rev. Father Gerard Redmond, Rev. Father Angus McRae, the late Father Hubert McRae and Rev. Father Walter Fitzgerald.

Many daughters also worked in the Lord's vineyard. Rev. Sister Mary Williams, Rev. Sister Ethel Donovan, Rev. Sister Marie Jeanne Bourbonnais and Rev. Sister Marlene Cust. These religious vocations were cultivated and nourished by the good late Father McIntyre who did his parish work unassisted by any religious order of nuns in the parish or school.

A special salute and a kind prayer for all those who sleep in the cemetery behind the church, a landmark that has the respect of all.

MR. AND MRS. ROBERT HENRY STACK.

District couple married 50 years

Mr. and Mrs. Robert Stack, 10811 - 134 St., celebrated their Golden Wedding Anniversary Sunday, April 16th. An Anniversary Mass was offered at St. Andrew's Catholic Church at 5:30 p.m. Saturday.

Mr. Stack who was born in Butte, Montana in 1890, came to Canada in 1900. In the years 1910 - 17 he was employed as a conductor on the Edmonton Transit system.

Mrs. Stack, the former Ada Carter was born in England, coming to Edmonton in 1913. Mr. and Mrs. Stack resided in the Legal District prior to moving to Edmonton in 1958. Mr. Stack held the position of Municipal Councillor for the M.D. of Opal and Sturgeon for 30 years, from 1921 - 1951.

A reception was held on Sunday at the Corona Hotel. They received an Apostolic Blessing from His Holiness the Pope, sincere congratulations from Prime Minister Pearson, Mr. Diefenbaker,

Premier Manning, Lieut - Gov., Hon. Grant MacEwan, plus the best of wishes from the family and many friends.

Mr. and Mrs. Stack have two sons, two daughters and nine grandchildren. The family, including the Robert Stacks of St. Albert and one daughter who came from Montreal for the special occasion, were present for the celebration. Following the reception open house was held at the Stack's home for about 35 guests.

10 REASONS WHY ST. ALBERT NEEDS A LIBERAL MLA

Many voters supported Social Credit because they thought
a Government MLA could do more for our constituency

Let's look at the Socred record in St. Albert

- | | | | |
|----------|---|-----------|---|
| 1 | Three Government Administrators sat on our NEW Town Council from 1957 to 1962 and during this time a half million dollar deficit was discovered. This deficit still costs you and I \$27,00 a year in property taxes. | 6 | The Government failed to recognize the special requirements of a dormitory town and our taxes have increased to the point where they are now \$120,00 more per year than Edmonton. |
| 2 | It was the Socred M.L.A. who was instrumental in changing the NEW Town to Town status without first cleaning up the financial situation. | 7 | The Government Administrators for the New Town failed to provide for recreational facilities. |
| 3 | The Government failed to acquire land at the start of the New Town that could have been developed for commercial tax revenue, that would ease the load on the property owner. | 8 | The Government has unnecessarily delayed the start of the hospital. |
| 4 | The Government did not consider the safety of our children in planning the highway through the town. | 9 | The Government has failed to fulfil its grand design of making satellite Towns like St. Albert financially sound and as a result we have become a dormitory town, dependent on residential taxation. |
| 5 | The Government could have located the A.G.T. Centre in St. Albert as one of the Government controlled Corporations that should have been placed here. | 10 | This year the Government assessors more than doubled our land assessment forcing us to pay more money into the School Foundation Plan and resulting in higher property taxes than Sherwood Park (the other "Dormitory Town"). |

WHY HAS THIS HAPPENED?

Because the present Socred MLA does not understand the complicated
Municipal Problems of a dormitory town in a metropolitan area nor has
he shown any desire to speak up on our behalf in the Legislature

The Liberal Candidate **ROBERT RUSSELL**

has made a special study of the problems facing the entire St. Albert
Constituency. He has proven his ability on the School Board and his
